Profile

Viktor Hundahl Strate, 20 years old. About to study Computer Science at SDU.
Self-taught programmer, with speciality in web technologies.

Experience

Independent Web designer, Svendborg Webdesign – 2018-Present

<https://svendborg-webdesign.dk>

I started my own business as an independent web designer in 2018. I have since been working with various local companies as well as with privates.

WORK EXAMPLES

Redesigned the product page for crystalrainbow.com, from scratch, using the web framework Vue.js.

Different small jobs – 2013-2016

<https://langelandsefterskole.dk> (2015) – Employed by Langelands Efterskole to update the content on their website.

modmedmere.dk (2014) – A website made for skks.dk, built from scratch using PHP, hosting educational materials, a login was required to access it.

Education

Computer Science, University of Southern Denmark – 2019-Present

<https://www.sdu.dk/da/uddannelse/bachelor/datalogi>

Svendborg Technical Gymnasium, with focus on Mathematics and IT – 2016-2019
